

Our Slip Fit Arms are constructed of square or round steel tubing (11G) with 2-3/8" OD horizontal tenons. Each adaptor is secured with 3/8" stainless steel Allen Sets Screws and use black plastic snap-in end caps. They are easy to install by

slipping over any existing pole or tenon. Slip Fit Arms feature a very low EPA and are available up to 24" in length. Consult with factory for a custom configurations.
